OBJECTIVE

INFOMATION TECHNOLOGY STUDENT PURSUING 3rd YEAR IN ANNA UNIVERSITY,TN. SEEKING INTERNSHIP

EDUCATION

Bachelor of Technology in Information Technology, Anna University Expected 2026

Relevant Coursework: AI &ML engineer **,**UI UX DESIGNING , WEB DEVOLOPMENTS

Bachelor of Technology in Information Technology, Anna University 2022 -2026

SKILLS

Technical Skills AI & ML, python , java, c programing , html, css, ,UI UX

Soft Skills Execelent english fluency,Problem solving skills

EXPERIENCE

Pursuing a BTech in Information Technology has equipped me with strong foundations in programming, data structures, algorithms, and database management, along with exposure to network administration and cybersecurity. Through projects and internships, I've honed problem-solving and teamwork skills, while participation in IT clubs and hackathons keeps me updated on industry trends. My academic journey has prepared me to thrive in the dynamic IT field.

PROJECTS

Portfolio Website

Technologies Used: HTML, CSS, JavaScript

- Developed a fully responsive personal portfolio website to showcase projects and skills.
- Designed and implemented a user-friendly interface with modern web design principles.
- Incorporated interactive elements to enhance user engagement.
- Deployed the project to a live server for accessibility.

- Developed practical skills and theoretical knowledge in various IT domains.

- Established proficiency in computer science fundamentals: programming languages, data structures, algorithms, and database management systems.

- Explored specialized areas such as network administration, cybersecurity, and software development methodologies.

- Enhanced problem-solving capabilities through project work and internships.

- Demonstrated proficiency in both independent work and collaborative team efforts.

- Actively engaged in extracurricular activities including participation in IT clubs and hackathons.
- Kept abreast of industry trends and technologies to remain current in the field.
- Equipped with the skills and knowledge necessary to excel in the dynamic landscape of Information Technology.

Extracurricular Activities

Tata Data Visualisation: Empowering Business with Effective Insights Job Simulation on Forage - January 2025

- Completed a simulation involving creating data visualizations for Tata Consultancy Services
- Prepared questions for a meeting with client senior leadership
- Created visuals for data analysis to help executives with effective decision making.

- - Cultivated discipline, resilience, and teamwork through intensive training, enhancing academic performance. - Strong work ethic, thrive under pressure, and skilled in time management, beneficial in both sports and academics. - Cricket journey enriched college experience, providing valuable life lessons, shaping a well-rounded individual poised for success in sports and Information Technology.

CERTIFICATES

- Machine learning (GUVI)
- Introduction to Generative AI (Coursera-google)
- Introduction to Programming Using Python(GUVI)
- Foundation of user experience (UX) design (Coursera-google)
- Tata Data Visualisation: Empowering Business with Effective Insights Job Simulation on Forage - January 2025
