SYED ARSHAD A

Phone: +91 8778780309 • **Location**: Gudiyatham, Vellore, Tamil Nadu
• **Email**:syedarshad6601@gmail.com • **LinkedIn**:linkedin.com/in/arshad45 •**GitHub**:github.com/arshhad45

PROFESSIONAL SUMMARY

Motivated third-year B.Tech Information Technology student at C. Abdul Hakeem College of Engineering and Technology (Anna University) with a passion for AI/ML and Web Development. Adept at applying technical and creative skills to develop innovative solutions. Actively seeking internship opportunities to gain hands-on experience and contribute to impactful projects.

SKILLS

- **Programming Languages**: Python, C, HTML, CSS, JavaScript
- **Frameworks and Libraries**: TensorFlow, Scikit-learn, Pandas, Matplotlib, Pytorch
- **Web Technologies**: HTML5, CSS3, JavaScript, Bootstrap
- **Tools**: VS Code
- **Additional Skills**: UI/UX Designing, Data Analysis, Business Communication, Creativity

EDUCATION

Bachelor of Technology in Information Technology   **Expected 2026**

C. Abdul Hakeem College of Engineering and Technology (Anna University)

- Relevant Coursework: Machine Learning, Web Development.

National Higher Secondary School.

PROJECTS

1. Personal Portfolio Website

- **Technologies Used**: HTML, CSS, JavaScript
- Designed and implemented a responsive personal portfolio website to showcase projects and skills.
- Applied modern web design principles for an engaging user experience.
- Deployed the website to a live server for accessibility.

2. AI Chatbot using DialoGPT

- Developed an AI-powered chatbot using **Flask** and **Hugging Face's DialoGPT** for natural language processing.
- Implemented **transformers** and **PyTorch** to generate human-like responses.
- Built a web interface with **HTML, CSS, and JavaScript** for seamless interaction.
- Deployed the chatbot on **Heroku** for cloud accessibility.

Tech Stack: Python, Flask, Transformers, PyTorch, JavaScript, HTML/CSS, Heroku

CERTIFICATIONS

- **Machine Learning (GUVI)**: Built supervised and unsupervised learning models.
- **Introduction to Generative AI (Google/Coursera)**: Gained hands-on experience with transformer models and text generation.
- **Foundations of User Experience (UX) Design (Google/Coursera)**: Learned key principles of UX design.
- **Introduction to Programming Using Python (GUVI)**: Mastered Python basics and applications in data analysis.

EXTRACURRICULAR ACTIVITIES

- **Tata Data Visualization: Empowering Business with Effective Insights** (Forage, Jan 2025): Created interactive dashboards for business insights.

- **AWS APAC Solutions Architecture Virtual Experience Program** (Forage, Jan 2025): Solved real-world cloud architecture problems.
- **BCG Data Science Job Simulation** (Forage, Jan 2025): Built data-driven solutions to simulate real-world consulting scenarios.
